## CATALOGUE OF MICROFILM and MICROFICHE on INDEFINITE LOAN

**MICROFILMS:** All microfilm numbers begin with the numeral “0” “1” or “2”.  
When placing orders for films, remember that every film number should have seven digits; if a film has less than seven digits, place “0s” before the number.  
e.g., 994084 should be written as 0994084;  
78655 should be written as 0078655.

**MICROFICHE:** All microfiche begin with the numeral “6”. Most microfiche are filed in the drawers in numerical order, with the exception of those numbers followed by “\*” which denotes that these fiche are part of a set or group, such as GRO BMD, Scottish OPR, 1881 and 1891 Census of England & Wales, Census Street indexes. These are filed separately in groups, in other drawers.

**NOTE:** Microfilm and microfiche may **not** be removed from the Family History Centre.

**CDs** All CDs begin with the numeral “5”.  
Various software and databases published on CDs by the Family History Library can be purchased online by individuals for home use. These include Censuses, Pedigree Resource Files, Personal Ancestral File, Vital Records Indexes, and Miscellaneous Databases.

**DONATIONS** Some patrons have donated films or fiche which did not come from the FHL in Salt Lake. These items have a prefix “D” before the catalogue number, and are filed in a separate drawer marked Donations.

If you have finished with any films that you have ordered in on “Indefinite Loan”, please let us know so these may be sent back. This will make room for other films. The film drawers are limited to the number that they can hold.

Revised, Jan. 2010
